

Maximizing Earth's Potential

# Alfalfa Booster Liquid

## Liquid Broadcast Treatment for Alfalfa

### Get More From Every Cut, Choose TerraMax Alfalfa Booster.

TerraMax Alfalfa Booster is an innovative, liquid treatment that combines two powerful bacteria, *Sinorhizobium* and *Azospirillum*, into one easy-to-use formula. Together, they work to enhance plant health and boost yields cut after cut. *Sinorhizobium* encourages **nodulation** with each application. *Azospirillum* **boosts nitrogen fixation** even further while stimulating **enhanced root growth**, helping plants access nutrients and water more effectively.

### Compatible & Convenient

Designed for flexibility, Alfalfa Booster easily **integrates with most commonly used liquid fertilizers and tank-mix products**, making it simple to add into your current program without extra hassle.

### The Result?

A healthier, more vigorous alfalfa crop with improved nutrient uptake, better resilience, and increased total yields with each cut.

### Directions for Use

Broadcast spray at a rate of 16 fl. oz. of product per acre. Best when applied at spring emergence or immediately after cutting. Product must be applied with water. Use before expiration date.

### Guaranteed Analysis

*Sinorhizobium meliloti*  $1 \times 10^6$  per mL  
*Azospirillum brasilense*  $2 \times 10^4$  per mL

# Alfalfa Booster Liquid

## Liquid Broadcast Treatment for Alfalfa

Maximizing Earth's Potential

### Boost Your Alfalfa Yields with TerraMax Alfalfa Booster!

Experience the next level of alfalfa production with **TerraMax Alfalfa Booster**, a powerful, easy-to-use liquid formula designed to maximize your crop's performance. TerraMax's Alfalfa Booster's liquid formula needs to be broadcast applied after each cutting with 5-10 gallons of water or used in fertigation to help drive the bacteria into the soil where it will interact with the roots and drive growth.

### Proven Results. Real ROI.

In just the first year's testing, growers saw **over 1,300 more pounds of alfalfa per acre** across four cuttings compared to untreated fields. TerraMax Alfalfa Booster doesn't just work, it also provides growers with a great ROI.

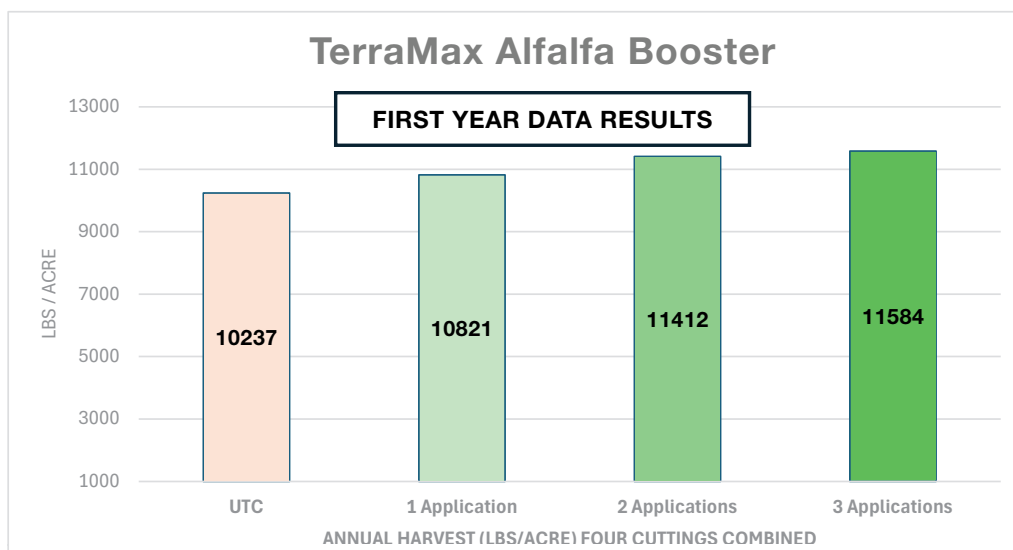

With decades of expertise in stabilizing live bacteria and delivering cost-effective ag solutions, TerraMax is proud to bring you a product that works as hard as you do.

### Guaranteed Analysis

*Sinorhizobium meliloti*  $1 \times 10^6$  per mL

*Azospirillum brasilense*  $2 \times 10^4$  per mL
